PRESS RELEASE

Spa Inc. Magazine Reveals the Best in Canada's Spa and Wellness Industry For 2022

Spa Inc. magazine, with the support of Leading Spas of Canada is thrilled to announce the highly-anticipated winners of the 2022 Canadian Spa & Wellness Awards.

This awards program is a national initiative that celebrates and rewards the excellence of top spas, industry partners, product lines and educators across Canada. Our expert panel of judges has evaluated and determined our winners, along with consumers voting for the spa they think best promotes health and wellness in the Consumer's Choice category. All of which represent the highest standards of Canada's spa and wellness industry.

Andrea Green, Awards Coordinator, says: "We received a wide range of new submissions from across the country this year, resulting in the highest number of nominations we've received in the history of these awards. We also saw previous winners continue to excel, and some retain their titles. It is extraordinary to see the growth over the past few years and it continues to be a privilege for us to recognize the hardworking, service-oriented business people with these awards."

See below for the full list of winners.
